## CONTINUING THE TRADITION!

We are looking forward to another exciting year of dance as we are coming off an epic 50th anniversary celebration year! For over 50 years now, Capital City Dance Studio has provided quality dance instruction in a fun and enjoyable environment for the young people of Frankfort and the surrounding communities.

We are thankful that you have chosen us, not only for your child's dance instruction, but for the memories and friendships that will develop during their time here at our studio. All of our instructors are former Capital City Dance Studio students who devote themselves to teaching our students the elements, style and enjoyment of dance. Our recitals are designed to showcase the progress your child has made during the dance year and feature professional costuming, lighting and staging to enhance their performance experience.

We welcome our new and returning dancers who all exhibit "star" quality that is enhanced by their journey with us . . . Thank you for your trust in us!

Congratulations to Julia Triplett who won our Open House drawing, Kimberly Penn who won our Longest Day of Play drawing, Ronda Petrey who won our FC Fair drawing, and Jessica Bird and Nikki Martin who won our FCHS and WHHS dance camp drawings for a free month of tuition (up to \$67 value).

Because tuition is not pro-rated or refunded for absence, make-up classes are offered if your child misses class. A listing of these classes is available in each studio. Please ask your child's instructor about this if necessary.

## THANK YOU FOR THE TRIBUTE!

In June, Capital City Dance Studio celebrated their 50th annual recital at Bradford Hall on Kentucky State University’s campus. So many people attended over the five nights of performances and honored not only our current students, but our former students over the last 50 years. Many of them are sending their children and grandchildren to our studio for instruction now. The greatest thrill is to see parents and grandparents that were students of ours sending their children and grandchildren to our studio . . . we recognize so many of them and it takes us right back to when they were young and a student with us.

On the final night of the recital performances, founder Gina Tincer was honored in a special ceremony at intermission. She was presented with a box of dance photographs that parents had secretly been submitting all year of themselves or their children as students at Capital City Dance Studio. “I was overwhelmed and touched that people took the time to find and give us those beautiful memories . . . many had handwritten notes on the back thanking us for our involvement in their lives and expressing how much dance meant to them both then and now. But we are truly the ones who have been blessed.”

We plan to keep the tradition alive as long as we can . . . Frankfort is our community, and we are forever grateful for the love and support our students have shown us over the years!
